Membership

As of 20 June 2023, the number of Full Members has decreased from 1050 last year to 1012. We have 59 Associate Members, compared to 60 last year.

Despite the high staff turnover rate from last year, we are glad that we have been able to maintain our membership at over a thousand.

Concluding Remarks

In conclusion, I would like to express my sincere gratitude to the senior management and our fellow colleagues for their support throughout this year. Without their support, we would not have been able to organize so many activities with fruitful results.

I would also like to extend my heartfelt thanks to all the Executive Committee members for their outstanding effort and contributions over the past year. Their dedication and hard work have been essential in making SA a success.

Overall, it has been a pleasure working with such a supportive and committed team. I am proud of what we have accomplished together in the last year and look forward to continue collaboration in the coming year.
